Revitalize Milwaukee is a non-profit organization that helps strengthen communities by providing critical home repairs to existing low-income homeowners who are seniors, veterans and people with disabilities. We work year round to ensure homeowners have functioning plumbing, electrical, carpentry and accessibility modifications that will ultimately allow them to age in place. You do not want to miss this opportunity to be a part of the best golf outing of the summer that will raise funds to support our emergency repair program, connecting homeowners with water heaters, electrical upgrades, security doors and more!
